INJURY REPORT FORMS:

All injuries, no matter the perceived significance, must be reported immediately. Hockey Canada Injury Report forms must be completed by injured players' parent/guardians and submitted to the PGMHA office. These can be obtained from the Team manager, Safety Person, Head Coach or the PGMHA office. Once completed, the PGMHA will maintain a file copy and the original will be forwarded to BC Hockey. Any hockey related injury that requires medical attention should be reported even if there are no immediate out of pocket expenses incurred. The Hockey Canada Injury Report form must be received by the PGMHA office within 30 days of the injury however the claim may remain open for up to three years. Medical and dental expenses not covered by the Provincial Medical Plan or by private dental and extended health plans are covered. Lost salaries and/or wages are not covered. Replacement of hockey equipment damaged during removal in order to provide medical aid may be covered. Permission for return to play must be received by PGMHA prior to the player returning to the ice.

EQUIPMENT

Players and/or coaches with jerseys, goalie gear, pinnies, pucks or pylons from past seasons are urged to return them to the Minor Hockey office as soon as possible. Prompt equipment return assists us with inventory and purchasing for the upcoming season. Jerseys from Novice, Pee Wee house and all rep teams, are to be returned at the end of the season. Jerseys worn by teams will be as provided by PGMHA. Stop signs and sponsor bars MUST NOT be removed from team jerseys. Player name bars are to be removed. Name bars are to be sewn on NOT glued. PGMHA has the ability to supply one set of goal gear to each Novice and Atom team, to be signed out by coaches. If your child wants to be a goalie let your coach know.

Goalies Alert!!

Players registering and stating that they wish to play as goalies should be aware that they are not guaranteed to be the ONLY goalie on the team. If there are teams with more than one player wishing to play goal, this position will need to be shared just as other players are required to share their ice time. This pertains to ALL divisions. Once a goalie has started a game in goal he cannot switch to being a skater, he can however start as a skater and switch to goal during the game.

PLAYER PLACEMENTS

The Association Head Coach will be responsible for recreational player evaluations for 2018-2019 season. Placements will be done with input from the 2017-2018 Divisional Supervisors and coaches as well as independent personnel. Recreational player evaluations are scheduled for mid to the end of September subject to ice availability. The date, time and location of evaluations will be posted on the PGMHA web site at www.pgmha.com AFTER SEPTEMBER 1 , 2018. It is the **player's responsibility** to find out when they are to attend evaluations. PGMHA **WILL NOT** be contacting anyone. Team adjustments will be made as necessary once the season gets underway.

Player movement may occur throughout the season at the discretion of the Prince George Minor Hockey Association.
