Things to do in Paris

The Eiffel Tower - is a wrought-iron lattice tower on the Champ de Mars in Paris, France. It is named after the engineer Gustave Eiffel, whose company designed and built the tower. Locally nicknamed "La dame de fer", it was constructed from 1887 to 1889 as the centerpiece of the 1889 World's Fair.

The Louvre – is the world's most-visited museum, and a historic landmark in Paris, France. It is the home of some of the best-known works of art, including the Mona Lisa and the Venus de Milo.
.

Notre Dame Cathedral
- is a medieval Catholic cathedral on the Île de la Cité, in the 4th arrondissement of Paris. The cathedral, dedicated to the Virgin Mary, is considered one of the finest examples of French Gothic architecture.

Montmarte is a large hill in Paris's northern 18th arrondissement. It is 130 m high and gives its name to the surrounding district, part of the Right Bank. Montmartre is primarily known for its artistic history, for the white-domed Basilica of the Sacré-Cœur on its summit, and as a nightclub district.
