**Re:** AMHA New Website and Future Communications

---

Attention AMHA Members:

The Board of Directors and Staff are excited to announce a new and updated [www.abbotsfordminorhockey.ca](http://www.abbotsfordminorhockey.ca)

The new and improved website has been designed to improve the level and types of communication within our organization, as well as improve access to resources for our members.

Moving forward the website will be the main communication hub for the AMHA with supporting communications via email, twitter and facebook as required. A key component of our new site is that all divisions have their own home page and as the season starts up it will be important to navigate the website to the appropriate divisional page for season start up information.

All communications that are sent out via email, social media etc. will be posted online first and as a member you are encouraged to go to the website as a first point of contact with the AMHA.

Please also follow us on twitter at @AMHA\_hockey and on facebook at [www.facebook.com/abbotsfordminorhockey](http://www.facebook.com/abbotsfordminorhockey)

Regards,

AMHA Board/Staff
