Welcome to Global 2017-2018

We are very much looking forward to the upcoming school year. We hope this newsletter finds you wrapping up an outstanding summer.

The first week of school is a little hectic and chaotic. Expect variable things during the first week that will not be the norm for the remainder of the term. Our goal is to have everyone up and rolling with the appropriate timetable and plan.

If your student is anxious and needs support feel free to contact us and we will have a coach contact your student athlete to ensure they are comfortable and ready for the first day of school.

A few odds and ends:

- You do not require your sport equipment the first week of school. Coaches will communicate the plan with your student when we see them and the calendar will reflect when equipment drop-off day is for the hockey players and golfers.
- If you have timetable issues please connect directly with the school counselling team at your designate school. Timetables are likely not available until September.
- All of our staff and their contact information are indicated on the Global Website: www.globalsportacademygroup.com

With the first day of school approaching, we would like to get everyone informed on some 'housekeeping' items.

In this newsletter there will be links for school information, carpool database information, last minute apparel purchase and information on upcoming payments due on August 30th.

Once again this year we are offering to help facilitate a carpooling database for families at all schools that would like to participate. We will be creating a "Car Pool Database". This process will involve us sharing your contact information and address within the Car Pool Database only. Please identify YES or NO, if you would like your information shared within our group. Only respond if you are interested. Once we compile all of the information we will be sending out a "Car Pool Package". Opting into the "Car Pooling" does not MANDATE that you will be responsible to drive.

Please email info@globalsportacademygroup.com if you would like to be on this database.
