PACER PARK RELOCATION
REGINA, SASKATCHEWAN

Being displaced by the new Regina Bypass provided a very unique opportunity for Pacer Park. Although disheartening to see the existing Pacer Park demolished, relocation provided an opportunity for an exceptional baseball, softball and slow pitch facility in the new location. The new Pacer Park is a first class facility servicing the City of Regina. One may confidently assert that Pacer Park baseball facilities will be the pride of the community while, at the same time, be of a standard that will support national and international amateur baseball competitions at all age levels.
