

Hi all,

Thank you for taking the time to discuss the upcoming temporary road closure with local access and traffic mitigation Enbridge is proposing. I hope my description was detailed but I wanted to send out a quick note as well with some info for reference along with some contact information as well.

Temporary notification signage should be up today or tomorrow indicating local residents and drivers of the planned temporary closure starting June 14th. We're hoping to limit the closure to approximately 10-12 days to complete all required maintenance activities. During the closure from 9th Ave and Winnipeg north to 12th Ave and Winnipeg will be restricted to "local residents only" which will allow all folks needing access to facilities accessed through Winnipeg St. The planned maintenance work will be happening on the east side of the road near the south soccer field indicated below. In the yellow area the NB lane will be barricaded off and temporary signaling will be in place for vehicles needing to drive by the maintenance area. My field rep for the upcoming work is Stefan Phillips, his number is 306-537-6696 and he can be reached for any updates as well.

My contact information is below as well for any inquiries. Thanks again.

Temporary Road Closure and Traffic Mitigation - Winnipeg St. Nea...
