BP Hockey Mission Statement

Buddies and Pals Hockey is committed to providing an engaging and knowledgeable program, improving hockey skills, shaping leaders and teammates while having fun in a bully free environment.

My greatest skill is building relationships with the player, given them confidence to know they can achieve whatever goal they want.

I also take great pride in teaching life skills to help the kids become the person they want to be. This is accomplished as you guide the player so they learn who they are, what it means to be in a family and from that I'm able to be the teacher I want to be. I promote being coachable and why it's so important to be a great teammate. That's the true key to getting to the next level.
