

## Evaluator Instructions

Evaluators are asked to volunteer to evaluate only in divisions below which their child is currently playing (for example U14 parents evaluate U12 or below). At no time, can any parent evaluate the division in which their child or relative is playing.

### SKILLS:

The skills to watch out for are available in the evaluation policy and as follows:

**Skating**- skating speed and skills (forward skating, backward skating, stops and starts, tight turns, cross-overs)

**Ring Handling**- passing and receiving the ring, shooting, skating with the ring

**Game Play** – competitiveness, checking, effort/participation, positioning (defensive and offensive), man on man coverage, decision making on the ice

### GOALIE SKILLS:

**Skating/Positioning** - shuffle and t-push, telescoping and retreating, side slides, butterfly drop, toe kicks, basic stance, stick placement/stick handling, finding and hugging posts, angling the shooter

**Ring Placement**- throwing technique and accuracy, decision making, timing

**Game Play** - drop and return to basic stance, effort, recovery after goals, participation

### SCORING

Players will be given a score from 1-5 on each of the 3 skills. All evaluator scores will be added together and divided by the total number of evaluators after each evaluation session.

- 1: New to Skill
- 2: Limited Skill- some ability some of the time, minimal participation
- 3: Average Skill- adequate ability most of the time
- 4: Good Skill – above expectations most of the time
- 5: Excels at Skill: always above expectations

Evaluators will also be asked to provide a ranked order of players from each team to help separate equal scores. If one team has less players when you are ranking them leave the best fit ranking spot empty. In the Ranking column please put the player's pinnie numbers in sequential order ranking them from strongest to weakest.
