SERDACHNY HOCKEY will be providing this unique and dynamic Stickhandling and moves program. The program focuses upon Skating and Elite hockey skill development. This program teaches and emphasizes proper technique, form, speed and skill as they apply to the game of hockey. All camps will provide and implement a positive and productive learning environment for the students to gain maximum benefits.

Too many times skills are taught by demonstrating the end result. When students fall short of achieving them they do not know why. There are basic building blocks to learning all skills. With better understanding and a clear knowledgeable instruction, they are able to accelerate their learning and develop their skills to a new plateau

Serdachny Hockey is player centered for maximum learning potential. The system will demonstrate excellent technique but will not stop there. It teaches students of all skill levels to break down their stick handling and puck skills into crucial components. The students are shown how to strengthen weak areas, so they can continue to grow and develop their skills and move onto more advanced abilities. The overall program has been designed to stretch and develop the ability of the player. This is a program for serious hockey players and is not a learn to skate program.

All sessions will be high tempo but allow each player to be challenged and develop at their own individual pace. The program will not only improve the student's skills but equip them with the tools for MAXIMUM PERFORMANCE ON ICE.
