

# EDMONTON INSTRUCTIONAL STREAM COACH CLINICS

Hockey Canada has developed the Instructional Stream Program to act as a supplementary coaching education program. These courses are offered to coaches in Alberta **free of charge** and are delivered by Hockey Alberta trained Instructors.

The clinics consist of three hours of classroom and on-ice instruction, and offer coaches practical sessions on teaching skills and tactics. They provide a welcoming environment for coaches to educate themselves on new skill development techniques for their players.

CLINIC	DATE	CLASSTIME	CLASS LOCATION	ICE TIME	ICE LOCATION	INFO & REG
