

## **Bantam and Midget Rep Tryout Players**

At this time, BC Hockey have not declared what teams they will host as Zone teams for either Bantam or Midget. We are anticipating Bantam Tier 1 and Midget Tier 1 teams will be Zone teams again, but are not sure about the Tier 2 teams. All Zone teams are administered by BC Hockey which means that players wishing to tryout for a Zone team are required to register and attend BC Hockey Zone tryouts.

If a player is successful at being selected for a Zone team, they would not attend our rep tryouts in September. However, if they are not successful in being selected for a Zone team, they would then attend our rep tryouts. For this reason, we encourage players to register with us for rep tryouts. There is a question on the online registration asking if your child intends on attending Zone tryouts. This question is for our purposes only, to help us determine how many players we may have attending our tryouts, so if you answer the question no and then decide to attend Zone tryouts, the answer will not affect your ability to do so.

The July 1<sup>st</sup> payment deadline does not apply to players attending Zone tryouts. If the player is released from Zone tryouts, KMHA fees are then due prior to them attending our tryouts. If a player does not register with us and then decides to attend our tryouts in the fall, they will be considered a late registrant and the \$100 late fee will apply.

Information on the BC Hockey 2018-19 Zone program and tryout registration, will be posted on our website as it becomes available.

**2017-18 Bantam Tier 1, Bantam Tier 2, Midget Tier 1 and Midget Tier 2** players will not be able to register online until their player profiles are moved back into our database which is usually in April (they are currently in OMAHA's database). Those players will not be charged a late fee.
