

2018-19 AP Process for Rep

Affiliate players (AP), excluding goaltenders, for Rep teams are to be used if the team is missing a number of players. Affiliate players for Rep teams **must** be from a lower tiered Rep team or from the Recreational teams in the same division.

Teams are NOT allowed to use affiliate players or have them attend any of their team practices unless permission has been obtained from the KMHA Director of Hockey operations or KMHA Manager of Operations. The deadline for adding players to your list is January 15th.

At the bottom of the page is Hockey Canada's rules for AP's. No AP can be used for more than 10 games per the season. This number doesn't include tournament games or exhibition games. AP's cannot be added to a roster until they have been added to their primary team roster, therefore AP's cannot be added prior to Oct 15th.

This is the process you **MUST** follow to AP a player in KMHA and to use an AP.

- The requesting coach must approach the coach of the Recreation team asking permission to AP the player.
- The Recreation coach will approach the guardian of the player to see if there's any interest.
- The Recreation coach will then contact the requesting Rep coach to confirm or deny the request.
- If accepted, the requesting coach needs to get approval from the Director of Hockey Operations (Sandy Bullock). The request needs to be in an email sent to directorofhockeyoperations@gmail.com with the Manger of Operations (Sean Pitts) and the KMHA Registrar (Charmaine Walden) cc'd on the request. Sean's email is KMHAoperations@gmail.com and Charmaine is kamhockey@telus.net. **Only the Head Coach of the team can request a player. No requests will be accepted by an Assistant Coach or the team's Manager.**
- This player can not be on the ice or be part of a game until an email confirmation has come from Sandy and Charmaine. Charmaine will send an updated Hockey Canada Roster with the player added as an AP.
- The use of an AP for either a practice or a game must be approved by Sandy Bullock. If Sandy is unavailable, Sean Pitts can approve the use of the AP as well.
- A player can only be AP'd to 1 team. If a player has already been AP'd to another team, you'll need to find another player.
- **Please note:** Recreation teams from a higher age division are allowed to AP in the Recreation division below as well (example: Bantam Recreation team can AP a player from Pee Wee Recreation). So please AP your players as soon as possible. We will give Rep teams a 7 days advantage to AP certain players before we allow Recreation teams to AP.

KMHA also wants every player to have the opportunity to play at the highest level possible. It is expected that when you are asked for an AP, that you will support the player's opportunity to move up and play, by granting permission for that player to get to play at the higher level. Thus, when you request to use an AP, the same courtesy should be expected in return.

There needs to be some consideration by the requesting coach and the AP's team. If the AP player's team is leaving town for a tournament or if they're involved in a 'playoff' run in their Recreation division; the requesting coach need to ensure the needs of the player and the other team. If the AP is only going to be used in a 'limited' capacity; the requesting coach **should** request the use of another AP. **Remember the same situation can be reversed.**
