## R.E.S.P.E.C.T.

FROM GEOFF STEWART, PRESIDENT

As the season has commenced I want to take the time to remind everyone that the OMHA will be enforcing a no tolerance policy when it comes to abuse of officials. This simply can not happen and we ask that you think before we have to take action. Spectator conduct continues to be an area of concern. The OMHA membership adopted a strong statement against verbal abuse directed at referees and other participants.

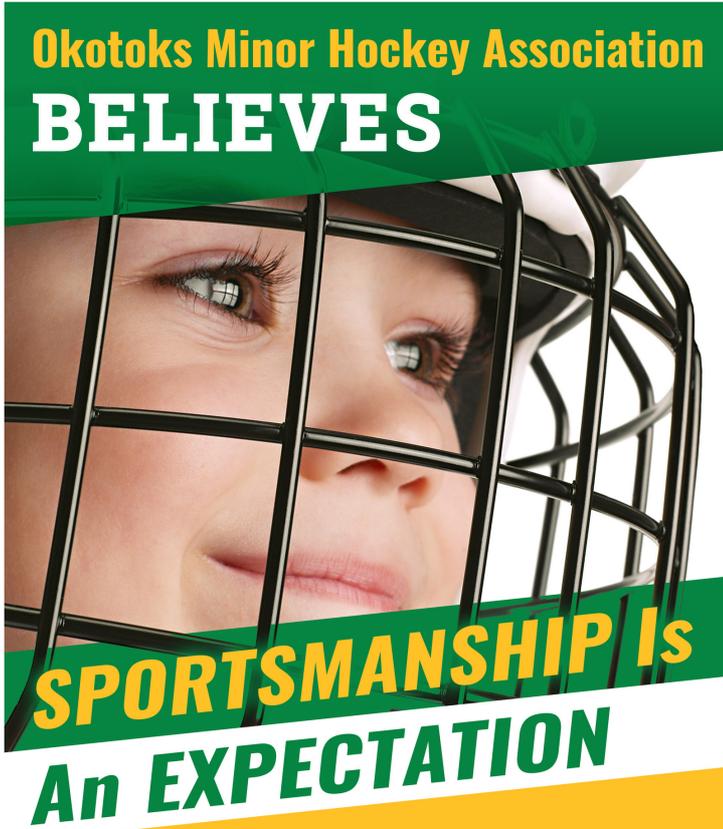

Abuse of on-ice officials and other participants by spectators shall not be tolerated. Should any spectator engage in unsportsmanlike behaviour, verbal abuse, taunts, slurs, etc., the Referee shall have full authority to have such spectator removed from the arena. If necessary, the Referee shall suspend the game until the individual(s) involved are removed from the rink area.

If you encounter a problem with a spectator, direct the respective team officials to deal with the problem. If the problem persists, stop the game until the individual(s) have been removed from the rink area.

Lets be Proud of our Community and Organization and have a great year!

- Geoff

## Okotoks Referee Association

FROM GREG SCHMIDT, VICE-PRESIDENT OF ORA

Do you ever work the time box? Have you ever had a multiple penalty situation and you are not sure who comes out of the box when someone scores? Lets look at some examples and see how you do:

A9 - 2min @ 4:00  
A8 - 2+2 min @4:00

at 3:00 team B scores. Who comes out of the box? and what should the time clock say? Answer A9 comes out of the box and there is 3 min left on the clock. This is because A9 was the first assessed penalty at the 4:00 mark. However should the penalties be reported and recored as:

A8 - 2+2 min @ 4:00  
A9 - 2 min @ 4:00

When this is the occurance no one comes out when Team B scores at 3:00 and we have 2 mins on the clock for A8 and 1 min on the clock for A9.

Now what happens when you have more then two penalties at the same time?

A7 - 2 min @ 7:00  
A8 - 2 min @ 6:00 4  
A9 - 2 min @ 5:30 5

When does everyone return to the ice, and at what point is team A full strength given there are no goals, and no other penalties?

A7 is able to return back to the ice surface at 4:00 or first stoppage after 5:00  
A8 is able to return back to the ice surface at 3:00. However should A7 return on a whistle before the 4:00 mark, A8 would then go on the ice at 4:00  
A9 is able to return back to the ice surface at the first whistle after 3:00 or should A8 go out at 4:00 mark, then at 3:00 A9 is able to return without a stoppage

At 3:00 Team A would be 5 vs 5. Remember if you let out A7 at 5:00 there would be too many players on the ice, as we can only run two penalties at one time. At 5:00 it should still be 3 vs 5.

If you need help when you have multiple penalties just ask your official and they will be able to help you out. The key is to make sure the score sheets are filled out in order of occurrence, and that when you have multiple penalties that we know when players are coming out, rather then when their time expires.
