

## **OMSA ROSTER SIZE POLICY**

**OMSA believes that rosters beyond or below a certain number are not in the best interests of player development.**

**The Association recommends rosters for teams are set at 12 players.**

**The Exception to this rule will be at the U10 (Mite) age level. Rosters at this level are generally kept at 8-9 players.**

**The Association recommends that a team not be formed with less than 10 players on the roster.**

**The Board of Directors reserves the right to deviate from recommended roster sizes in order to deal with special circumstances.**

**The OMSA Board of Directors may approve requests to play out of age level in order to achieve appropriate roster sizes.**
