

Olds Minor Softball

Coach Professional Development Certification Reimbursement Policy

Passed 07 February, 2017

Olds Minor Softball recognizes the time and dedication that volunteer head coaches commit to the association and to its participants. To that end, the OMS will, with the prior approval of the President, reimburse certification costs to the level of certification required by Softball Alberta and/or Softball Canada for the division that the participant will be a head coach.

OMS also recognizes the importance of certification and coaching clinics to help ensure that the association has the best qualified coaches. Assistant coaches' clinic fees may also be reimbursed, again with prior approval, budgeted funds permitting. OMS is generally encouraging to support all of its coaches with self-improvement.
