

WAIVER PROCEDURE

Midget AAA Minor, Bantam AAA,

General Information

Players trying out for an Elite Stream team per HA rules are permitted three opportunities to make a team. If you are waived (released) by your home centre (first team) then you may elect to try-out at another AAA centre or move to the AA level of try-outs within your own Minor Hockey Association. If you step on the ice at the AA level, you cannot then change your mind & decide to try out at another AAA centre.

IMPORTS/NON RESIDENTS

When a player is released from one of the teams he/she is to be given a waiver which is signed by the SGMHA office and the coach. If the player chooses to continue on with the Elite Stream tryouts (and they have not yet been to 2 other centres) they need to contact their league governor to find out where they are to go next. You will need your original **Notification to Try-out Form** in addition to the **Elite Waiver Form** when reporting to the other team or you will not be allowed on the ice. Always keep your Notification to Try-out form. You will need a Waiver form from each centre as you are released.

SGMHA PLAYERS

If you elect to try out at another centre you will need to get a signed **Notification to Try-out Form (NTTO)** in addition to the **Elite Waiver Form**. Waiver's will be available from the SGMHA office upon email receipt of a completed NTTO request. **You must keep your NTTO in the event you are released and elect to report to a third centre** (a second waiver form is required from the 2nd centre at time of release). For a third tryout please contact the League

For Bantam AAA & Minor Midget AAA that are released, you must go to Saint Albert for your 2nd tryout.

Players trying out elsewhere should be aware that a late release from another AAA centre does not guarantee that a spot will remain available to you at the AA level on a PAC team. A coach with insufficient time to evaluate a player in camp, may elect to stay with the players that he has been able to evaluate through-out the selection process.

SGMHA/SPMHA/Enoch/Onoway/Pembina/Wabamun Players electing to continue on to the AA tryouts should refer to the AA team's home website page for further information on the next step in the try out process.
