

Prince George Minor Hockey RESIDENTIAL WAIVER – RECREATIONAL

In situations in which a player meets the requirements to move to another Association under the “No Recreational Team” in category rule, the player may apply for a Residential waiver-recreational transfer in order to participate for a HC-carded team at the indicated adjacent association. The residential waiver-recreational transfer does not become effective until the form has been completed and filed with the PGMHA registrar and a transfer request has been initiated and approved on the HCR.

PROCEDURE:

1. The player’s Home Association President shall declare that they will not be having a HC recreational team in the player’s age division for the current season on this form.
2. PGMHA will sign this form indicating acceptance of the player and initiate a Residential waiver – carded transfer request on the HCR. This form will be attached to the HCR transfer request.
3. There will be no participation until such time as this transfer request has been approved on the HCR and the player is pre-registered with the new association.
4. Should the player not be approved to participate with a carded/rep team, the player is to return to his/her home association.
