

## **Raider Clothing Rules:**

### Game Day

Players, Coaches, and Team personnel are required to dress up for all games. The coaches will specify the details as to what that means for each team. Traditionally this has been a minimum of dress pants, and dress shirt. Coaches may extend this to include ties, dress shoes, sports coat or any combination.

A formal Raiders coat will also be worn. This coat can be navy blue or black. This coat will have the official Raiders logo on the left front side.

Any supplemental attire worn to games or on bench must use the Navy blue with the Raiders logo on the left front side.

### Warm up Gear, Practices

Any warm up gear, toques, baseball caps, and hoodies may use any of the Raiders colours: Blue, Black, yellow, or grey. Team Logos can be used in these instances. If any of these items are to be worn to the game or on the bench then they must use the Navy blue colour and use the Raiders Logo. Practice Jerseys can use colours other than the Raider colours.

If you have any questions please contact your director.

If you are considering an alternative you must get approval from the Raider board. Any apparel that violates these rules will be replaced by the individual and/or team at their own expense. Coaches and Managers will also be subjected to additional discipline as determined by the Raider Board. The Raider Logo is subject to copyright and can only be used by Raider teams.
