Long Term Athlete Development

Candy reported from the meeting that was attended that it is here and we
need to address this as an association. Petite and up are not effected, there
will be changes for the levels below.

Name changes as follows

U6- Will be a five year old program

U9- named U9 so if you have an 8year old that is in their first year of play
based on numbers they have the opportunity to play in this group.

U10 Will be 8&9 Yr old program (formerly named Novice) This age group
will have no changes this year

Biggest change is the 5 yr old age group is purely developmental no league
games and no stats kept this age group could possibly have one fun game
session in the middle of the season.

U8- will have no league and no stats will be kept,,no playoffs at the end of
the year.

Leslie to E-mail parents to relay the changes being made.

Definently more talk and work to be done on LTAD.
