

Outdoor 2015

Age Group of the Team: U12 Girls - McManus

Nominated By: Leanna Grenwich

Please explain why you feel this Coach should be awarded the Coach of the Week: Hugh McManus should be awarded for several reasons. He is extremely organized, he gives and expects respect from his players, he consistently supports them in their efforts and makes sure that each player's contribution is recognized. He is incredibly enthusiastic on the sidelines and when plays don't go our way he is very constructive in his feedback. He also makes sure that the players recognize the referees for their work. I am very pleased that he is my daughter's coach.

Age Group of the Team: U10 Jr Phoenix Boys – Cadieux

Nominated By: Geri Olney

Please explain why you feel this Coach should be awarded the Coach of the Week: Aaron Cadieux really takes the time to teach the kids new skills and gets them to work together as a team. As much as I am looking for my son to get exercise, I am also looking for him to improve his soccer skills. Aaron makes sure this is happening.

Age Group of the Team: U5 Girls - Buschau/Hofmeyer

Nominated By: Janelle Morrison

Please explain why you feel this Coach should be awarded the Coach of the Week: Coach Laine Buschau and Coach Steph Hofmeyer have been fantastic with the team of girls. They plan out the "drills" to be activities that not only teach the soccer skills, but are fun and age-appropriate for these little people. They are so enthusiastic when interacting with the girls, and they are very encouraging for the effort and sportsmanship demonstrated. They genuinely care about the girls and make sure that everyone is doing the best that they can and having fun. They encourage parent participation and are approachable, organized, and kind. Their communication with the parents through email has been excellent and we always feel informed about what is happening. My daughter loves going to soccer, and her coaches are a big part of the reason her first experience playing a sport has been so successful. Way to go, ladies!

Age Group of the Team: Under 10 Girls – Rudyk

Nominated By: Laureen Simmons

Please explain why you feel this Coach should be awarded the Coach of the Week: Coach Erika Rudyk has worked hard with the girls teaching them about each position, and getting them to play together as a team and not just trying to do things by themselves. Coach has given each girl different positions so she could evaluate them, and then work with them to improve on their weaknesses without making them feel less about themselves. By doing this the girls have started winning and have become a stronger team than they were before the U10 tournament started.
