

Enable Text Messages from your Team:

Once you click on the link inviting you to create an account and have followed the steps to complete this process, you will be able to personalize your account by clicking on the “Settings” Icon.

Once you are in the “Setting” area for your account, you can enter as much personal information as you want. At the bottom of that page you will see “SMS Information” which will be not enabled by default. If you would like to be able to receive text messages from your team, you will need to enter in this information and click “Save”.

SMS Information - Not Enabled

Setting up an SMS number is a great way to ensure you get timely updates. Note that you must opt-in to receive SMS messages - that is, you are required to send a text message to us **BEFORE** you'll receive texts from us.

Start by entering the cell phone you want to use for SMS in the form below and clicking "Save".

Enter Cell Phone Number:

123-456-7890

Cell Provider:

Unspecified

SAVE

CANCEL

You will then see the following screen...

CONTACT INFORMATION

Make it easy for your team members to get a hold of you by adding in your contact information below. Don't worry, you can also control who views this info by [adjusting your privacy settings here](#).

Your SMS details were updated. Check your phone for a validation message.

hide

Once you have received a text message (SMS) with a validation message, you can click on the link in the message **or** manually enter the code by scroll down on that same page to enter it in.
