

### ***What's the difference between House, Rep and Development?***

Some of you have asked, "what the difference is between the programs?" Here is a brief description of the differences, and there is more detailed information on the website:

***House League*** - all age groups have a House League Division. In "House" teams play 2x/week on the same consistent days. For the older age levels (ie Bantam) there may be some variable days of play. House League is complete by end of June.

***Development*** - This option is for players who are on a House team, but would like some additional coaching and possible tournament play. In addition to the House team, the player would be on a Development Team. The Development Team practices/tournaments would not interfere with the with the House games. Development Teams may play into July. The Development Option is available for Rookie and Mosquito Divisions.

***Representative*** - Rep Teams do not play in the House League, they play against other Rep Teams from across Alberta. Players must try out for a Rep Team. There is a high level of commitment from the player and parents in terms of time (4-7 days/week), financial, travel, etc. Rep Teams will play into July and possibly to the Aug long weekend. Rep Teams are available for Mosquito age division and older.

**April 5<sup>th</sup> is the last day to register. Please pass this along to anyone who has mentioned they may be interested in playing with the SOX this year!**

Here's what's coming up this week in Sox Baseball:
