

WILMOT SOFTBALL ASSOCIATION Friend Request Policy

This Friend Request Policy has been established to ensure that requests for players to be on the same team are considered in a consistent and fair manner. The rules of the policy are outlined as follows:

- One friend request is allowed per child. The friend requested **MUST** also request you or the request will not be granted. If you request more than one name, your request will be denied.
- No chain requests will be granted.
- Siblings that are registered in the same division will be placed on the same team.
- Coaches are allowed to request an assistant coach but this will count as the player's friend request.
- Players that need to be placed together for rides must request each other. This will count as the player request.
- Friend requests are granted on a first come first serve basis
- Participants on a waitlist will be placed on a team with an available slot without consideration of friend requests.
- No exceptions to the Friend Request Policy.

While all reasonable efforts will be completed to grant requests, the Wilmot Softball Association cannot guarantee for every case.
