

YELLOWKNIFE MINOR HOCKEY ASSOCIATION

TEAM UNIFORMS

Approved: 01 November, 2007

1.0 INTRODUCTION

The Association, including League and Development programs, is comprised of approximately thirty teams. The purchase, maintenance and replacement of team uniforms are a substantial cost to the Association. In recent years, a significant number of uniforms have been lost from inventory. In September 2006, the Executive Committee decided that all players will be required to provide a deposit of \$100 before being assigned a uniform. This statement is intended to:

- Describe the Association approach to the care and use of team uniforms; and
- Describe the procedures for administering the uniform deposit.

2.0 SCOPE

This policy applies to both league teams and development teams.

3.0 STORAGE LOCKERS

The Association maintains secure storage space for uniforms at the both the Multiplex and Yellowknife Community arenas. These storage units are assigned to the coaches of each league and development team and the coaches are provided with personal locks for their unit. The Equipment manager is responsible for the assignment of storage units at the beginning of each season.

4.0 ANNUAL SIGN-OUT

The Equipment Manager is responsible for the annual assignment of team uniforms to each coach. The Coach will be required to sign a form which identifies the team name and the number of each uniform which is transferred to his/her custody.

5.0 CARE AND STORAGE OF UNIFORMS

Coaches may choose to:

- 1) Store the complete inventory of uniforms in the assigned locker after each practice or game and when they are otherwise not in use; or
- 2) Assign a specific uniform to the custody of each player for the duration of the season.

Each player will be required to provide a deposit of \$100 (as a post-dated cheque) before being assigned a uniform.

The deposit will be returned at the end of the season when the uniform is returned to inventory in good condition.

Submit a record of uniform assignments to the Equipment Manager and Governor by 30 October.

Either option must be applied consistently across all team members. Either the coach retains responsibility for all uniforms or the uniform deposit is collected from all players.

6.0 ANNUAL SIGN-OFF

The coach must return custody of the uniforms back to the Equipment Manager(s) at the end of each season.
