

LEARN TO SKATE

With The Arnprior McNab Ringette Association

Our program is designed to teach young children, 4 years of age and older, skating skills.

Participants will learn about balance, striding, stopping, turns and falling through drills and games with an emphasis on fun.

As their skating skills improve, they will learn some of the fundamentals of ringette!

Program runs October 2024 until mid-February 2025. Day and time of the week to be determined

Cost: \$250

Fall registration is now open at ArnpriorMcNabbRingette.rampregistrations.com
