

## Arnprior McNab Ringette Equipment Policy

Please provide a \$150 Deposit Cheque Dated April 1<sup>st</sup>. This will be returned to you provided all equipment is returned in good condition at the end of the season.

1. The Arnprior McNab Ringette Association jerseys/equipment are on loan for the season and will be collected at the end of the season. The player is responsible for any loss or damage to the jersey/equipment (excluding normal wear).
2. When putting on any name bars consider how they will be removed at the end of the season. Arnprior McNab Ringette Association recommends hand-stitching of name bars to minimize damage to the jerseys. Name bars must be positioned on the upper shoulder area of the jersey.
3. Nothing other than name bars are to be attached to the jerseys without written permission from the AMRA executive.
4. The jerseys are to be worn for games only. Each player should have her own practice jersey for practices.
5. In order to protect the jerseys, players are to bring their game jerseys to the arena on a hanger and in a garment bag.
6. The jerseys should be aired out after each game and never put in the dryer.
7. **When the jerseys are returned the manager will inspect the jerseys/equipment for any damage. In the event that the jerseys/equipment have been damaged the manager will consult with the equipment coordinator and executive, to determine if charges will apply.**

Please list all equipment being used below.
