Association

Sponsorship Guideline

Updated March 2026

NWRA will provide funding to NWRA players at the U19 age level and under who win the opportunity to represent Manitoba at the Canadian National or Western Canadian Championships.

This includes NWRA players playing on an NWRA hosted team, or on an amalgamated team hosted by another association.

This player must have contributed to the sport of ringette within NWRA during the current playing season.

Each player must submit a separate request to the board. The player must state what team they played for, what event they will be attending and how they have contributed to NWRA during the season.

NWRA will provide sponsorship in the amount of \$100.00 per player. The Fund will not expense more than \$500 to any one team in any given season.

In the event of more than 5 NWRA players on the team, the maximum amount of \$500.00 would be split amongst the players. *On a case by case basis, with $\frac{2}{3}$ majority vote of the Board, each player could receive a max of \$100.00.

Guideline subject to change at discretion of NWRA board
