

Age Advancement requests:

Criteria: Player must be elite at age level currently in. Player skill level should stand out from others in current age group.

An NWRA player may request an age advancement via written application to the Player Development Representative starting May 1st until 14 days prior to the close of A registration.

Players must be deemed at or near the top of their age level/group and should be a major aged player in their current level. Committee (coaching director, player development director and President) will use assessment/tryout evaluation scores and assessments from the prior year as well as any other evidence submitted.

If a member of the player assessment committee has a conflict of interest, they will remove themselves from the discussion and will be replaced by the Vice President.

NWRA will follow Centralized "A" Tryout policy (CAT) for Age Advancement at U12, U14A, U16A & U19A.

Age advancements will only be approved if this does not affect number of players at either of the affected age groups or at the discretion of the board.

Policy subject to change at discretion of NWRA board
