

North West
Ringette
Association

Coach Evaluation Policy

Updated March 2026

1. Each ringette season, NWRA will seek player/parent/guardian feedback on the coaches for their team. This may be done formally, through a survey, or informally, through outreach via social media and rink discussions as well as conversations with other associations that were participants in any amalgamated teams.
2. NWRA will use this feedback when selecting coaches for the next ringette season.

PLEASE NOTE: Policy subject to change at discretion of NWRA board
