

COACH AND MANAGER PACKAGE

Silver Ring Tournament
November 22-24, 2024

Welcome!

On behalf of the Edmonton Federation of Community Leagues Ringette Association executive and our Tournament committee, we would like to welcome you to our community and wish everyone the best of luck in our annual Silver Ring Tournament. We would also like to say "Thanks!" to the families and friends who have come out to support the players.

We want to extend a heart-felt thank you to all our sponsors for making this event so successful. Their generous contribution helped make our vision a reality by helping to offset the cost of holding the tournament. In addition, our tournament committee and our volunteers have worked for many months to offer us this weekend's activities. Without these volunteers and their strong sense of community spirit, hosting this event would not be possible.

During the Silver Ring, we all look forward to seeing a great display of skill, competition, and teamwork in the true spirit of fun and good sportsmanship.

We have plenty to offer over our tournament weekend, including many exciting prizes. Check out our tournament map for directions to all our venues, and don't hesitate to ask any of our volunteers for directions or advice on where to eat, get skates sharpened or where to go shopping - they will be happy to help. The Tournament Committee is also here to assist you. Feel free to stop by the Tournament Office at the Terwillegar Arena (near Rink C) should you have any concerns or questions.

We look forward to three days of good competition, developing relationships and a fun-filled weekend and we hope to see you again next year! Best of luck to all teams!

Injury Response Plan

There is always the potential for injury in all physical activities. Therefore, it is important to have an emergency action plan. The key to the emergency action plan is getting professional care to the athlete as quickly as possible.

DIAL 911

First Aid Kits: Lifeguards (in arenas with a pool on site), Arena Staff, Team Staff

When Injury Occurs

1. Take control and assess the situation.
2. Remember the basic first aid rule: Do not move the injured athlete. If the athlete cannot start a movement themselves, do not move the body part for them.
3. Tell bystanders to leave the athlete alone.
4. Leave the athlete's equipment in place.
5. Evaluate the injury. Once you have assessed the severity of the injury, decide whether further assistance is required. If an ambulance is required DIAL 911.
6. If an ambulance is not needed, decide on how to remove the injured athlete from the ice surface.
