

CDLA 2024 Season Report

The 2024 season saw a 10% increase in teams

- We again partnered with the Calgary Roughnecks to create our new U7 Lil Roughneck program. It continues to be well received with our membership. Over the off season we will be looking to renew the expiring 2yr contract.
- We implemented the RIS for Parents, Coaches and Officials

In terms of team numbers, we had a total of 173 teams which was up from 2023 of 156 but down from our 2019 total of 209 teams.

Age Groups	2024	2023
U7	25	23
U9	31	26
U11	30	28
U13	34	34
U15	31	26
U17	21	19
	173	156

Canada Day Tournament

- Overall was successful and well run.
- Attendance was back to pre-covid levels

Winter Programs

- 5 clubs are running programs.
- Clubs continuing to implement “try-it” session targeting other team sports like Hockey, Basketball, Ringette etc.

Additional Notes

- Discipline issues, reviewing/updating policies and procedures before start of 2025
- Filling referees for tournaments was much better this year
- Increase of travel fees because referees needed to be brought in from outside the city.
- Action for next year: work with the referees to come up with a more sustainable funding and development program. Perhaps more training, development and evaluations can be done at tournaments throughout the season and not at Canada Day.
