

Meet the **EXECUTIVE** DIRECTOR OF ADMINISTRATION *Jocelyn Harris*

CPA, CA Board Member, Financial Executive, and Dedicated Community Volunteer

Jocelyn Harris brings a wealth of experience in governance, financial oversight, and strategic planning to the Alberta Lacrosse Association. As a Chartered Professional Accountant (CPA, CA), she has over 16 years of experience in financial management, strategic planning, and governance. Her professional background spans private, public, and non-profit sectors, where she has helped organizations navigate high-growth environments, financial restructuring, and strategic decision-making.

Jocelyn has been actively involved in volunteer leadership roles across multiple sports organizations. She is currently the Secretary of the South Edmonton Warriors Lacrosse Club and plays a key role in governance, financial oversight, and program development for the Edmonton Freestyle Ski Club. She has also served as Treasurer for the Calgary Spartans Track & Field Club and as an assistant coach with SW Sting Football Club.

Her connection to lacrosse began in 2023 when both of her sons were introduced to the sport and quickly developed a passion for it. This inspired Jocelyn to become involved at the board level, contributing her expertise to help strengthen and support the lacrosse community. Athletics have always been a significant part of Jocelyn's life. She was a competitive soccer player, while her parents were accomplished curlers, and her brother is a former Olympian. This deep-rooted appreciation for sports drives her dedication to fostering strong, well-managed programs that provide opportunities for athletes to succeed.

Jocelyn looks forward to continuing her work with the ALA Board, ensuring the financial health and governance excellence of the association while supporting the growth and development of lacrosse in Alberta.
