

Competition Introduction Guide to Evaluation

Congratulations on completing most of your Competition Introduction pathway! The only remaining elements needed for completion is the competency based coaching evaluation.

There is one in-practice evaluation that is required:

Provide Support to Athletes in Training

This evaluation is completed during a practice and requires the coach to complete the application form below with the supporting documents to MA office, who will then arrange for a Coaching Evaluator.

The full evaluation criteria will be sent to you from the assigned Coach Evaluator (CE) by email along with their contact information.
