In 1998 started the Tyke program for GELC

In 1999 helped get Fort Saskatchewan back into the lacrosse program

Calvin became involved in Lacrosse in 1994 when Steven saw the game & decided that he wanted to play lacrosse. Although knowing nothing about the sport Calvin immediately researched everything he could find on the sport & talked to anyone & everyone that knew anything about it. He helped in the first couple of years where-ever he could, learning everything he could in Sherwood Park. He started putting on Camps pre-season wanting to promote lacrosse so more kids would be able to experience it. Calvin can be seen at the arena from 4pm with the mini tykes until 10 pm with the juniors when lacrosse season begins.

Calvin has been involved with bringing NLL players such as Colin Doyle and Blaine Manning to Alberta to develop the players in the Edmonton area.

Calvin has organized goalie camps for the Titans.

Wanting to help more he soon stepped in with the GELC trying to help out in whatever areas needed help including Minor Box Chair and sat on the Promo and Development committee.

Calvin volunteered for the 2001 Founders Cup hosted by the Edmonton Miners.

Calvin was involved in bringing the first Canada Day North tournament to Edmonton.

Calvin has a knack for recruiting volunteers in all areas of lacrosse.

Calvin has grown to love lacrosse above all other sports. Calvin has spent many hours enjoying the sport whether playing, coaching, volunteering, but most of all he talks about all the kids he met along the way & enjoys finding out where they are now. Anyone who talks to Calvin knows that if lacrosse is brought into the conversation there will usually be a lot of reminiscing, debating and that he will surely be involved in the sport for many years to come.
