Appendix 5: APHL OVERTIME INFORMATION:

- 1) If the game is tied at the end of regulation time. A 5 minute, 3 on 3, **STOP TIME**, sudden victory overtime period to immediately follow.
- 2) Goaltenders will change ends.
- 3) Penalties which have not expired at the end of regulation time shall carry over into Overtime. The non-penalized team will put an extra player on the ice for each penalty the offending team has.

Examples:

If Team "A" was shorthanded at the conclusion of regulation time, Team "B" would start the overtime with 4 players and Team "A" with 3 players. If Team "A" was short two players, then Team "B" would start with 5 players and team "A" with 3 players.

If Team "A" had two penalties and Team "B" had one penalty, Team "B" would start the Overtime 4 skaters to 3.

If both teams had the same number of penalized players at the end of regulation time the teams would start the Overtime 3 on 3.

Coincidental Penalties would **NOT** apply to the above scenarios.

At each stoppage of play, the number of players on the ice is to revert to as close to 3 on 3 as the penalties will allow.

Once ALL penalties have been served, at the next stoppage of play, play will revert to 3 on 3.

- 4) If neither team scores in Overtime the game remains tied and is entered into the standings as such.
- 5) \$250.00 Fine for not playing overtime as per the APHL Overtime Policy. This fine will be levied against the home team. In addition to the fine the visiting team will be awarded 2 points for an overtime win.
