1. Introduction

This Rep Team Tryout Procedure Guideline provides an overview and process that shall be followed for the selection of all the Bay Arena Minor Hockey Association (BAMHA) Rep Teams. There are often variables that can't be accounted for, and at times decisions may need to be made based on rationale that provide fairness not only to the individual player, but to those players that they are competing against. Any variance from this document must be approved by the Rep Team Director and the BAMHA Executive.

2. Scope

1. The purpose of this document is to provide the selection committee, and evaluation team with tools to assist in the fair and equitable evaluation and selection of players for rep teams.
2. This Rep Team Tryout Procedure Guideline is both a guideline and procedure manual. It is written in the best interest of the BAMHA. It is intended to represent the outline of what the BAMHA feels is best for our players and the program we have built to serve them.
3. The interpretation of this document is based on common sense. The majority of questions you may have can be answered by the Rep Team Director.

3. Rep Team Selection Committee

1. The Rep Team Selection Committee will be chaired by the Rep Team Director.
2. The Rep Team Selection Committee shall include, if available, the Technical Director (TD), the President and/or the Vice President, as well as the Head Coach for that team.
3. Eligible voters are determined by the Rep Team Director and may vary by division, due to conflicts of interest.
4. The Rep Team Selection Committee reports to the BAMHA executive.

4. Rep Tryout Objectives

1. The BAMHA shall assess each player who would like to play rep hockey, based on their skills and abilities at the time of evaluation, in a fair and transparent manner.

 - Phase 1 - Skills
 - Phase 2 - Scrimmage
3. The Rep Team Director and TD may change phases with permission of the BAMHA Executive.

5. Objectives of Player Evaluation

1. To provide a fair and impartial assessment of a player's hockey skills during the skills and scrimmage sessions.
2. To ensure that players have a reasonable opportunity of being selected to a team appropriate to their skill levels as determined during the on-ice evaluations of the current year.
3. To provide coaches with the opportunity and flexibility to build a team based in part on their own coaching philosophy and knowledge of player skills and attitude with the approval of the selection committee and the BAMHA Executive.
4. To provide uniformity and consistency in the evaluation process such that a player and parents/guardians expectations are consistent from year to year as players move through the various levels of the BAMHAs programs.
5. To form teams, maintaining balanced and competitive play where the athletes can develop and participate equitably and have fun playing hockey during the season.
