

BASEBALL MANITOBA

NEW Pitch Count App

Coaches,

We are excited to announce the launch of our new pitch count app!

The Baseball Manitoba Pitch Count App is a new, free tool for coaches. You can use this mobile app to easily keep track of every pitch thrown in a game and view statistics from other Manitoba teams. The app is available for both iPhone and Android users.

APP FEATURES INCLUDE:

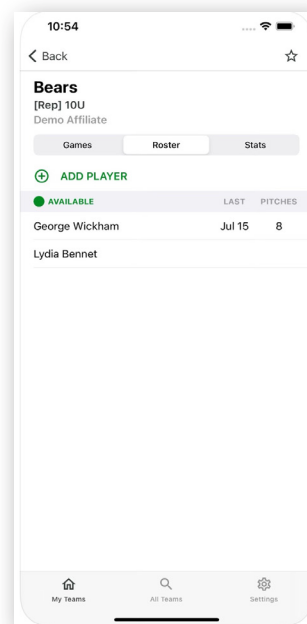

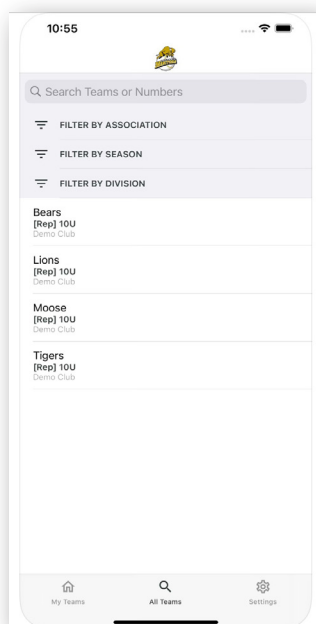

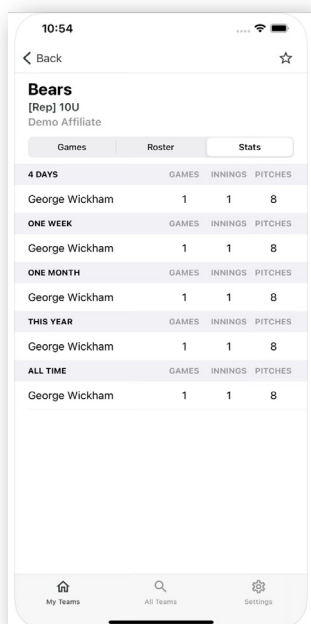

- Track every pitch thrown in a game in real-time
- Manage team data
- View the pitch count of any pitcher in Manitoba
- View daily updates on pitchers/teams in Manitoba
- Free to use
- Exclusive to Manitoba Coaches

HOW TO DOWNLOAD:

Simply search "Baseball Manitoba pitch count app" in the App Store for iPhone users and Google Play App Store for Android users.

Once you have downloaded the app, you will need to create an account then search for your team. **You won't be able to find/control your team until your rosters have been submitted to Baseball Manitoba and uploaded to the App. This should all happen around May 1.**

***Note:** Pitch count booklets are no longer included in coach kits. Coaches are welcome to still use pitch count booklets to track pitches, but **ALL pitch counts must be entered into the Baseball Manitoba Pitch Count App.** *Pitch count booklets are available upon request, please contact Brenda Horz at baseball.brenda@sportmanitoba.ca for more info.*
