

Female Director's Report – 2019-2020 Season

This year, we have been excited to see the first our female hockey program grow.

For the first time since female hockey was brought under the umbrella of BMHA we had a female peewee team. We also, for the first time, were the center for both a Bantam AA and Midget AA team. (I will use the new language next year.

All the Teams play in the Saskatchewan Female Hockey League in their appropriate Divisions. Each of these teams made it into the playoffs. Each team went through their first round of playoffs.

We entered our PeeWee team into the provincial playoffs. This is the first team at this age level that has been entered in Provincials (since we have been a merged hockey association).

We hosted an all- female tournament as well for the atom and peewee age.

The Bantam AA team travelled to the USA for a tournament and represented our community and our province well.

Our novice, atom and peewee teams were entered into March Ice. Unfortunately, as a result of the Covid – 19 pandemic, the tournament was cancelled.

I wish to thank all the coaches, managers and parents whose dedication and countless hours have made this growth possible.

I wish to thank the members of the North West Female Committee who continue to support and advocate for the growth in female hockey in the North West.

BMHA is proud of the development of female hockey to date and we will strive to continue to improve in future.

We are currently looking for coaches for the AA teams (U 16 and U18).

Patricia Meiklejohn

BMHA Female Director
