

## Bantam Director Report 2017/2018

The season began with some preconditioning sessions throughout the month of September. After the AA team had been selected, we were left with 46 skaters and 6 goalies. Our evaluations were held the weekend of September 29 – October 1, 2018. The players were evaluated and then divided into 3 teams. Two teams were registered in the STEP league and one team was registered in the Hwy 14.

Here is a breakdown of the Bantam teams:

STEP HOLM – Coached by Lindsay Holm, Brent Holhoyi and Chad Snyder.

STEP CAMERON - Coached by Greg Cameron, Jason Russell, and John Strain.

HWY 14 KRAMER – Coached by Brendan Kramer, Trevor Scherman and Mike VanStone.

All three teams were very successful in their respective leagues with all teams making it to minimum first round of playoffs.

I would like to THANK all of the coaches and team management for all their volunteer hours this past season. I feel our Bantam division had a very successful year – players, coaches, team management and parents all played a valuable part in the success of these 3 teams. THANK YOU for making my job so easy – I enjoyed working with each and every one of you this past season

Have a great summer and we will see you back in the rink this fall!!

Barb Heidt

Bantam Division Director
