

U18 AA NorthWest Stars

The U18AA Northwest Stars hockey season saw some ups and downs.

The year started with 6 eligible returnees making the jump to U18AAA level, which is a great thing to see.

We attended 2 tournaments, one in Edmonton, and one in Regina. In Edmonton we had a 4-1 record, losing out in the semi finals on Sunday morning. Regina was less successful on the scoresheet going 0-3 for the tournament. The plus side for both tournaments is that there were a number of scouts that expressed interest in our players. Over 20 teams from all across Western Canada have asked for contact information on our players.

The regular season record was 5-24-3-1, finishing lower than we expected, but some life lessons were learned. We played the year with a number of man games lost with some long-term injuries.

I believe the team is setup for success moving forward, and the graduating players learned some hockey and life skills this past year.

Lee Ulmer Head Coach U18 AA NorthWest Stars
