

Tournament Rules and Regulations:

- This is a sanctioned tournament and SHA rules govern the tournament for Minor Hockey.
- All officials are SHA carded officials. The referees' decision is final and protests are not allowed.
- The first team listed on the draw is home team.
- Only players listed on the SHA roster will be allowed to play. APs must be indicated on the roster.
- A three-minute warmup will take place prior to each game; the game clock will be set for three minutes and will not be extended. If your team is late, you will forfeit your warmup time. Please ensure your team is ready to go 15 minutes prior to your scheduled game time.
- Games will consist of two 30-minute straight time periods, with three-minute shifts.
- Games will be played five on five or four on four up to the discretion of the coaches.
- Three goal per player per game maximum; after a player has reached the three-goal maximum for that game, any additional goals by that player will result in a no-goal call.
- Ice will be flooded every second game. Floods may be skipped if needed and game times shortened to ensure games stay on schedule.
- In the event of a two-team tie at the end of round robin play, the Hockey Sask 3.08.01(a) tie breaking procedure will apply:
 - Best win record in games played between tied teams
 - If still tied, the team with the best record.
 - If still tied, then the team with the best goal average gains the higher position. The goal average of a team is to be determined in the following manner:
 - Total of goals for divided by the total of goals for and against
 - NOTE: All games are included
 - NOTE: A maximum of seven (7) goal difference per game will be used in calculation of the game ratio. This will be calculated from the actual "goals for" of the losing team in the particular game.
 - If the two teams are still tied, then the team which scored the first goal in the game between the tied teams gains the higher position.
 - If the two teams remain tied at this point, a single coin toss will determine which team gains the higher position.
 - In the event of a three-team tie at the end of round robin play, Hockey Sask Regulation 3.08.01(b) will apply to determine tie-breaking procedure.
- Games in the Final that end in a tie will have a straight time five-minute period of 3 on 3. If still tied coaches from each team will choose three players for a shootout (best of three). If still tied after three player shoot out, the coach from each team will choose another player to shoot (can be same player who has already shot) for sudden death shoot out (both shooters will shoot).

MVP for each team will be chosen. The opposing coach will decide the teams MVP for each game.

Thank you for being positive role models for our players and officials!
