MESSAGE FROM PREMIER GETTY

The hockey season kicks off with a bang when over 200 athletes, coaches and managers gather in Edmonton to face off in the 1992 Brick Super Novice Tournament, August 13 - 16, 1992.

The tournament truly has an international flair to it as The Brick welcomes teams from Los Angeles and other United States locations, Saskatchewan, Quebec, British Columbia and Alberta. The teams have put in long months of training in preparation for four days of exciting competition. The benefits the athletes will gain from hockey -- sportsmanship, cooperation and dedication -- will carry on for many years to come.

A tremendous contribution has also gone on behind-the-scenes to help make this tournament a success. A special note of thanks goes out to the sponsors, organizers and volunteers for their dedication to the staging of this event.

On behalf of the Province of Alberta, it is my pleasure to extend a hearty western welcome to the teams and spectators. Enjoy the tournament and your stay in the wild rose province.

TIE BREAKING PROCEDURES

A. TIE-BREAKING - ROUND ROBIN PLAY

In the event of a tie after completion of Round Robin play, the team(s) that will be declared the Division Winner(s) and advance to the playoffs shall be determined as follows:

- a) most points in Round Robin play.
- b) in case of a tie, the team having won the game between each other will advance.
- c) if still tied, the team with the best +/- (goals for - goals against).
- d) if still tied, the team with the fewest goals against will advance.
- e) if still tied, the team with the most goals will advance.
- f) if still tied, the team with the fewest minutes in penalties will advance.
- g) if still tied, then a single flip of a coin by the Tournament Director will determine the team to advance.

Note: in any of the above possibilities, if the tie is a 3, 4, or 5 way tie then once one team has been selected, all other teams will then go through the same tests once more to determine the second team to advance.

B. TIE-BREAKING - PLAY-OFF ROUNDS (SEMI-FINAL & FINAL)

In the event of a tie at the end of regulation play, the teams will change ends and play one five minute sudden-death overtime period. Play will end as soon as one of the teams scores and, barring dispute, that team will be declared the winner.

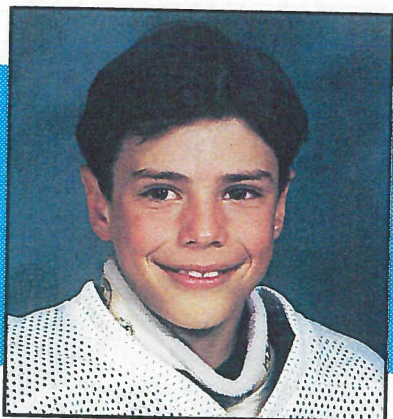

In the event of a tie at the end of the sudden-death overtime period, the goalkeepers will be removed and each team will play with five (5) players. Play will continue until the first goal is scored and the team scoring the goal will be declared the winner.

- a) all penalties that are assessed during the regular time but were not served in their entirety must be completed in the overtime period.
- b) no player(s) shall be allowed to enter the goal crease to guard against a shot. A minor penalty will be assessed for violating this rule.
- c) no player shall be allowed to freeze the puck in his goal crease. A minor penalty will be assessed for violating this rule.
- d) players are allowed to enter the goal crease to play or clear the puck, provided the puck has PRECEDED the players into the goal crease.
- e) the puck must be shot from within the defensive teams zone by a player within the defensive zone in order to score a goal. The goal will be disallowed if the puck is shot from outside the defensive zone, even if it deflects off a defensive player. The play will be ruled dead and the face-off will occur from the spot where the puck was shot. If a player shoots the puck into his own net from anywhere on the ice, a goal will be awarded to the other team.
- f) awarded goals (C.A.H.A. Rule Book) will apply.
- g) all minor penalties shall be two (2) minutes stop time.
