THE PREMIER OF ALBERTA

MESSAGE FROM PREMIER RALPH KLEIN

I am delighted to welcome you to the 1998 Super Novice Hockey Tournament. A special greeting to our out-of-province visitors - I hope your stay in Alberta is a memorable one.

In Alberta, we take great pride in quality and excellence in sport, and we are proud to host sporting events like the Super Novice Tournament. Participating in team sports builds skills that are useful in other aspects of life. The success of any team lies not only in physical ability and strategy, but also in the trust and cooperation of each of its members. This is a strong model for success both on and off the ice. I am confident that, as the talented young athletes compete over the next few days, good sportsmanship and a sense of fair play will prevail.

Congratulations to The Brick Warehouse Corporation for sponsoring this exciting hockey event. I commend the organizers, volunteers and supporters who have given their time and energy to ensure its success. Because of your enthusiasm and involvement, the participating teams from across the United States and Canada will be able to enjoy the thrill and challenge of this exciting tournament.

I offer my best wishes to all the teams for great success over the next few days.

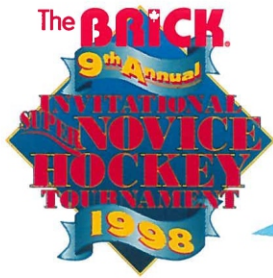

August 5 - 9, 1998

THREE STAR AWARDS

The Three Star Awards are very popular among the players and each game will have these awards.

The criteria for selection of Three Star Awards are as follows:

1. Players who exhibit good sportsmanship.
2. Players who play well in both the offensive and defensive zones.
3. Players who contribute to the scoring with goals and assists.
4. Goalies should be recognized equally with the other players due to the uniqueness of their position as well as their contributions to points 1, 2, and 3 above.

Sports celebrities, media celebrities and tournament sponsors will select the Three Stars from each game and present the trophies at centre ice at the completion of the game.

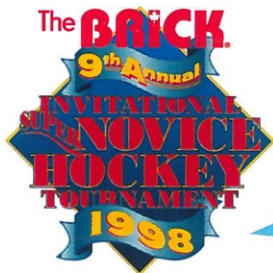

TOP SCORER

The tournament top scorer award will be given to the player who accumulates the most points at the end of Round Robin play. If there is a tie for the most points, the player with the most goals will win. If still tied, then the winner will be the one with the least penalty minutes. In the event that we are still tied, this award will be decided by a coin toss by the Tournament Director.

MOST VALUABLE PLAYER AWARD

The most valuable player for the tournament will be selected by the Tournament Committee based on the player's ability, scoring, sportsmanship and his value to his team during the Round Robin play only. In the event that this player is also the top scorer for the tournament, the Tournament Committee shall declare their second choice as the Tournament M.V.P.

- e) if still tied, the team with the most goals will advance.
- f) if still tied, the team with the fewest minutes in penalties will advance.
- g) if still tied, then a single flip of a coin by the Tournament Director will determine the team to advance.

Note: in any of the above possibilities, if the tie is a 3, 4, or 5 way tie then once one team has been selected, all other teams will then go through the same tests once more to determine the second team to advance.

B. TIE-BREAKING - PLAY-OFF ROUNDS (SEMI-FINAL & FINAL)

In the event of a tie after the end of regulation play, the teams will change ends and play one ten-minute sudden death overtime period. Play will end as soon as one of the teams scores and barring dispute, the team will be declared the winner.

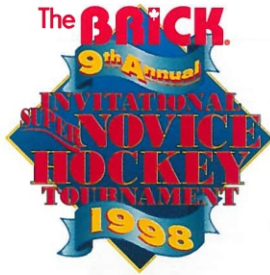

In the event of a tie after the end of the sudden-death overtime period, one player, not the goal keeper, will be removed from each team and each team will play with five players for two minutes sudden death overtime.

In the event of a tie after the two minute period, an additional player will be removed from each team and each team will play with four players for a two minute sudden death overtime period.

In the event of a tie after this two minute sudden death overtime period, an additional player will be removed from each team and each team will play with three players for a two minute sudden-death overtime period.

In the event of a tie after the end of this two minute sudden-death overtime period, each team will select five shooters and each player will take one shot alternating from team to team. Upon completion of the five player shoot-off, the team with the most goals wins.

If still tied, the procedure will be repeated with five different players and so on until a winner is declared. No player will come around a second time for a penalty shot until the complete team roster has been used.
