BOSTON ICEMEN

Founded in 1992, the Boston Icemen AAA Hockey Club has grown into one of the most well respected and competitive AAA hockey organizations in North America. This years "Brick Team" is made up of players who compete in the new Eastern Hockey Federation, as well as The Metropolitan Boston Hockey League. We are pleased to again represent the Boston Area and the time honored tradition of Massachusetts hockey excellence. The Icemen were founded for the sole purpose of providing elite players from across North America the opportunity to play with and against the best teams and organizations at their respective age levels. This is only made possible by the passion and dedication of our coaches, parents, and players. Without their timeless efforts, we would not have realized the success we have enjoyed over the past twelve years. It is with sincere appreciation from the Boston Icemen family that we would like to thank all the people involved in making our program what it is today. Without their help, we wouldn't be able to present young players the opportunity to participate in the greatest game in the world while meeting and making friendships that will last a lifetime. Again, we at the Boston Icemen AAA Hockey Club would like to thank our supporters for making this possible. "It's a Great Day For Hockey" - Badger Bob Johnson, USA Hockey

THREE STAR AWARDS

The Three Star Awards are very popular among the players and each game will have these awards.

- 2** Players who play well in both the offensive and defensive zones.
- 3** Players who contribute to the scoring with goals and assists.
- 4** Goalies should be recognized equally with the other players due to the uniqueness of their position, as well as their contributions to points 1, 2, and 3 above.

Sports celebrities, media celebrities and tournament sponsors will select the Three Stars from each game and present the trophies at centre ice at the completion of the game.

The tournament top scorer award will be given to the player who accumulates the most points at the end of Round Robin play. If there is a tie for the most points, the player with the most goals will win. If still tied, then the winner will be the one with the least penalty minutes. In the event that we are still tied, this award will be shared by the participants & each will receive top scorer awards.

MOST VALUABLE PLAYER AWARD

The most valuable player for the tournament will be selected by the tournament committee based on the player's ability, scoring, sportsmanship and value to his team during the Round Robin play only. MINNESOTA BLADES

On behalf of the entire Minnesota Blades organization, we would like to extend our gratitude to the many volunteers and sponsors that support The Brick Super Novice Hockey Tournament. Your endless and selfless support of this tournament has established "The Brick" as the gold standard of all youth tournaments globally. Our players, parents and coaches are honored to be participating in a tournament that has established such a great legacy. The '94 Blades would like to dedicate our participation in this year's Brick Tournament to the late Herb Brooks who grew up in St. Paul, Minnesota. Although he is well known for the 1980 Olympic Hockey "Miracle On Ice", Coach Brooks did not believe in Miracles. He believed in hard work, commitment, and integrity. Herb Brooks grew up playing on the local ponds and outdoor hockey rinks. He believed in and supported grass-roots hockey. These are the same values... hard work, commitment and the support of our youth hockey enthusiasts are the very same values that make The Brick the great youth tournament that it is today.

TIE-BREAKING PROCEDURES

A TIE-BREAKING - ROUND ROBIN PLAY

- ◆ In the event of a tie after completion of Round Robin play, the team(s) that will be declared the Division Winner(s) and advance to the playoffs shall be determined as follows:
 - a) most points in Round Robin play.
 - b) in case of a tie, the team having won the game between each other will advance.
 - c) if still tied, the team with the best +/- (goals for - goals against).
 - d) if still tied, the team with the fewest goals against will advance.
 - e) if still tied, the team with the most goals will advance.
 - f) if still tied, the team with the fewest minutes in penalties will advance.
 - g) if still tied, then a single flip of a coin by the Tournament Director will determine the team to advance.

NOTE: in any of the above possibilities, if the tie is a 3, 4, or 5 way tie, then once one team has been selected, all other teams will then go through the same tests once more to determine the second team to advance.

B TIE-BREAKING - PLAY-OFF ROUND (SEMI-FINAL & FINAL)

- ◆ In the event of a tie after the end of regulation play, the teams will change ends and play one ten-minute sudden death overtime period. Play will end as soon as one of the teams scores and barring dispute, the team will be declared the winner.
- ◆ In the event of a tie after the end of the sudden-death overtime period, one player, not the goal keeper, will be removed from each team and each team will play with five players for two minutes sudden death overtime.
- ◆ In the event of a tie after the two minute period, an additional player will be removed from each team and each team will play with four players for a two minute sudden death overtime period.
- ◆ In the event of a tie after this two minute sudden death overtime period, an additional player will be removed from each team and each team will play with three players for a two minute sudden-death overtime period.
- ◆ In the event of a tie after the end of this two minute sudden-death overtime period, each team will select five shooters and each player will take one shot alternating from team to team. Upon completion of the five player shoot-off, the team with the most goals wins.
- ◆ If still tied, the procedure will be repeated with five different players and so on until a winner is declared. No player will come around a second time for a penalty shot until the complete team roster has been used.

My interest in hockey began at the age of 3. This past season was my first year as a goalie for the Sherwood Park Kings Athletic Club with the Atom AA Arrows. Prior to that, I played spring hockey as a defenseman for the Northern Alberta All-Stars. Some of my favorite hockey memories are: scoring 5 goals in a 6-5 win over the top novice team in our division, making Atom AA as a first year goalie and making Team Brick. I am also an honor student in the French immersion program at Ecole Campbelltown School in Sherwood Park. When I'm not playing hockey, I enjoy golfing, roller blading, wake boarding and playing basketball. I am honored to play for Team Brick 2004 and will play the game to the best of my abilities. I also plan to have a lot of fun, make new friends and create life long memories for myself and my family. Best of luck to all players in the tournament.
