

It is the expectation that all programs track the attendance of all participants (players, coaches, officials, volunteers) in each of their programs. At the start of each program day, you are required to have each participant answer the questions below. If a participant answers YES to any question, s/he must NOT attend or participate in the program, and may not return until after a minimum 14-day quarantine. A refund is to be provided accordingly. It is the responsibility of your program to safely store these records for a minimum of 30 days after the completion of your program before being destroyed. If a participant in your program tests positive for COVID-19 you are required to notify the health authorities and Hockey Alberta. This form does not need to be submitted to Hockey Alberta.
