

2022-2023 WEBMASTER/SOCIAL MEDIA REP REPORT

This past season the board introduced a new position, the webmaster/social media rep. As the webmaster/social media rep this past season I have regularly updated BVRA's social media pages and the website. I also helped to set up the preseason tournament on line and continue to assist with RAMP as needed. This upcoming season I will endeavour to continue to keep events and team activities current on social media. I will encourage teams to submit content to post, to continue to build our community and highlight our athlete's achievements. Some of the big events we had this past season included our Pre-season Tournament and the end of year Banquet.
