

AA Angels Annual Report 2022-2023

The BVRA Angels only hosted teams this past year at U16 and U19.

The U16 Angels had a very competitive season. They went to tournaments in Saskatoon and Ottawa where they finished in the top 4. At Provincials the U16s took home silver and represented the Angels at Nationals.

The U19 Angels also had a very competitive season. They attended tournaments in Saskatoon and Montreal, coming home with Silver and Gold respectively. At Provincials they were able to win a hard fought series in three games to represent Manitoba at Nationals.

The Angels teams this year gave back to the community by organizing a charitable donation drive for the Resource Assistance for Youth (RAY). Both teams collected a significant amount of new and gently used clothing items over the month of December.

Both teams also supported many of the many other ringette teams by assisting at practices for teams R4U, and U10 and U12 teams from BVRA, SWRA and Interlake.

Tryouts have recently been completed for the 2023/24 season. The Angels are excited to be hosting a U14 team again along with U16 and U19. Thanks to all those who tried out and congratulations to all athletes selected to play Angels for the upcoming season.

A big thank you to all athletes, coaches and families who come together each year to make the Angels program so successful.

Adrienne Au and Craig Holmes (AA Co-Convenors)
