

Equipment Manager Year End Report

- Equipment still in the process of being received back due to 3 on 3 and school ringette tournaments, hoping to be completed by mid-June
- Need an update from Dakota on storage space still being shared by softball, would like additional space if possible in that area as we have expanded
- Bought 2 additional sets of goalie pads for R4U this year to help develop goaltenders
- Bought 100 additional rings for future use as many showing significant wear in current stock
- Consider trading equipment at Play It Again or Source for Sports to modernize stock for goaltenders
- Depending on future numbers may need to expand goalie gear for younger ages to accommodate future needs
- Considering hanging of spare jerseys to more easily sort and manage stock
- Will continue to purchase more med kits as needed as repacking is not cost effective
