

2024 AGM - Equipment report

All equipment and coaching gear is still with teams as basement flooded at Dakota CC.

Some items were destroyed and will need to be replaced but the majority of items were relocated to ODR dressing rooms and under stands in North rink. There is an insurance claim however we may have to purchase some items before claim is settled. Waiting to hear back from club if basement will be used in the future or if we can acquire an ODR dressing room specifically for ringette. Situation is ongoing.
