

CENTRAL ALBERTA HOCKEY LEAGUE

Executive Memorandum

August 31, 2020

To: To the Attention of All CAHL Member Associations

Re: Update # 2 - Return to Play Plan for the CAHL (2020 -2021 Season)

My apologies for the delays in getting this out to you. The information from Hockey Alberta's last announcement required some review after it was distributed and questions answered.

We still do not have all the answers but we will update you with what we have at present and then we will provide more information after our next meeting with Hockey Alberta.

I have been approached by numerous members regarding some assistance with some of the Cohort and Pod support and we will have something out to collect that information to you shortly. I have a call into Hockey Alberta on this and hope to have an answer shortly to the role we would play in that.

Current Changes update

- We have moved numerous dates or deadlines to TBA and this will become needed to meet the Hockey Alberta Season Guidelines. Please see the webpage for details
http://cahlhockey.net/page.php?page_id=63464
- The Contacts Deadline have been moved to September 8th to allow people a little more time. Once we have that more info will come to you.
- The initial team summary information has also been moved to September 8th. Please keep in mind this is just what you think you may have for teams later when we start, this does not need to an intense calculation down to the player. Just roughly what you think will be there for teams. We will be sending out another form for this so wait until you see it.
- All the other deadlines will change at some point so please wait to hear from us when they are ready to move forward. Please watch the website for details.

I realize this is not the most helpful and it is in the middle of a lot of moving targets created by Alberta Health Services and Hockey Alberta. We are trying our best and unfortunately unanswered questions and the moving targets makes this extremely hard for us as well.

Please let me know if you have any questions or concerns. I am available if you would like to discuss any of this.
